

# Neon Round 360° 13 8,6W/m

Neon Round 360° 13 – 8.6 W/m IP65 is a neon LED strip with uniform 360° light emission, designed to create continuous lighting effects visible from any angle. Its 13 mm round profile and silicone housing provide flexibility, durability, and a high-quality finish, making it ideal for decorative, architectural, and signage applications, both indoors and outdoors

**Qualities**

Cutting interval: 25mm

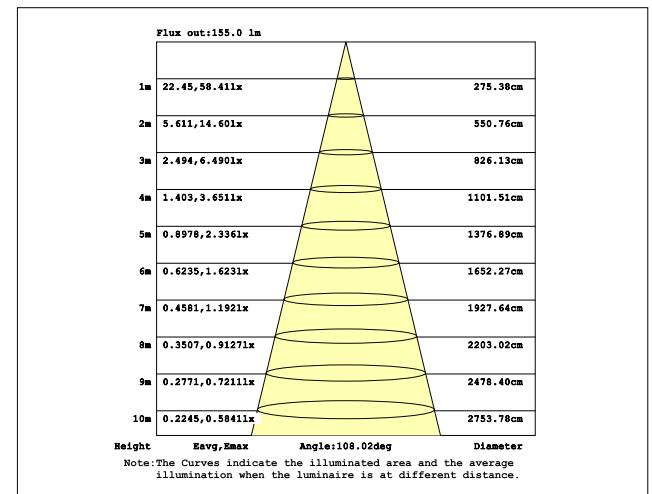

### Technical Data

<b>Model No.</b>	Neon Round 360° 13 – 8.6 W/m
<b>Dimension</b>	Ø13mm / Ø0.51in
<b>Voltage</b>	DC24V
<b>RA</b>	>90
<b>Dimming</b>	Dimmable
<b>Efficacy</b>	61.7LM/W @4000K
<b>Storage temperature</b>	-25~60°C / -22~140F
<b>Ambient Temperature</b>	Min.25°C Max.+55°C

### Light Distribution Curve

### Illuminance Curve

### Cable Lead Option

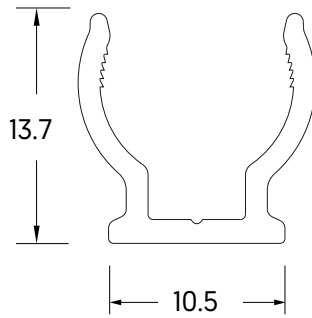

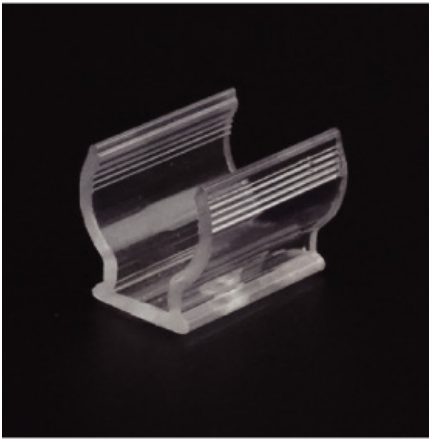

Front cable entry (standard)

Closed end cap

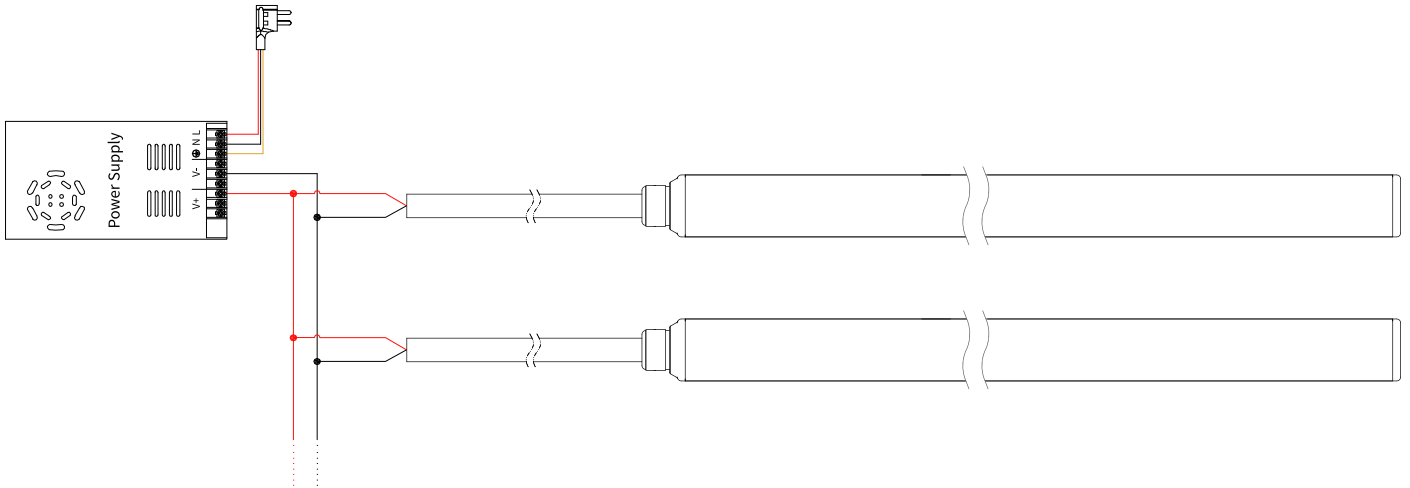

## Accessories (Unit: mm)

Aluminium Mounting clips

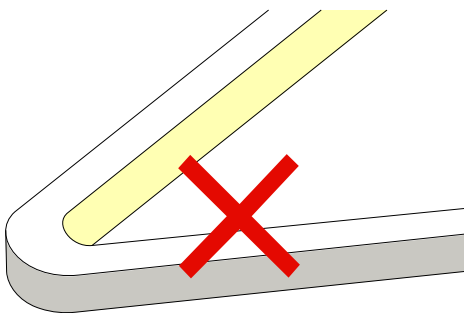

Length: 10.5x13.7

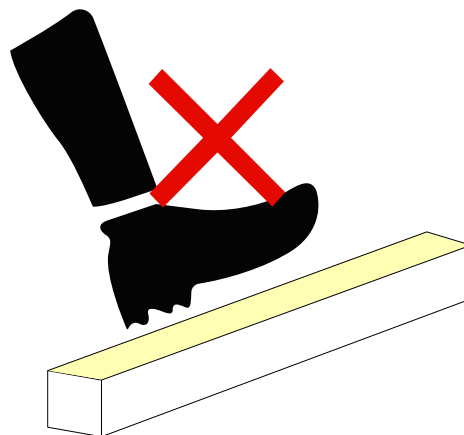

## Connection diagram

## Installation Precautions

Small angle bending is prohibited

Prohibit trample
